BADGER PARK REACH

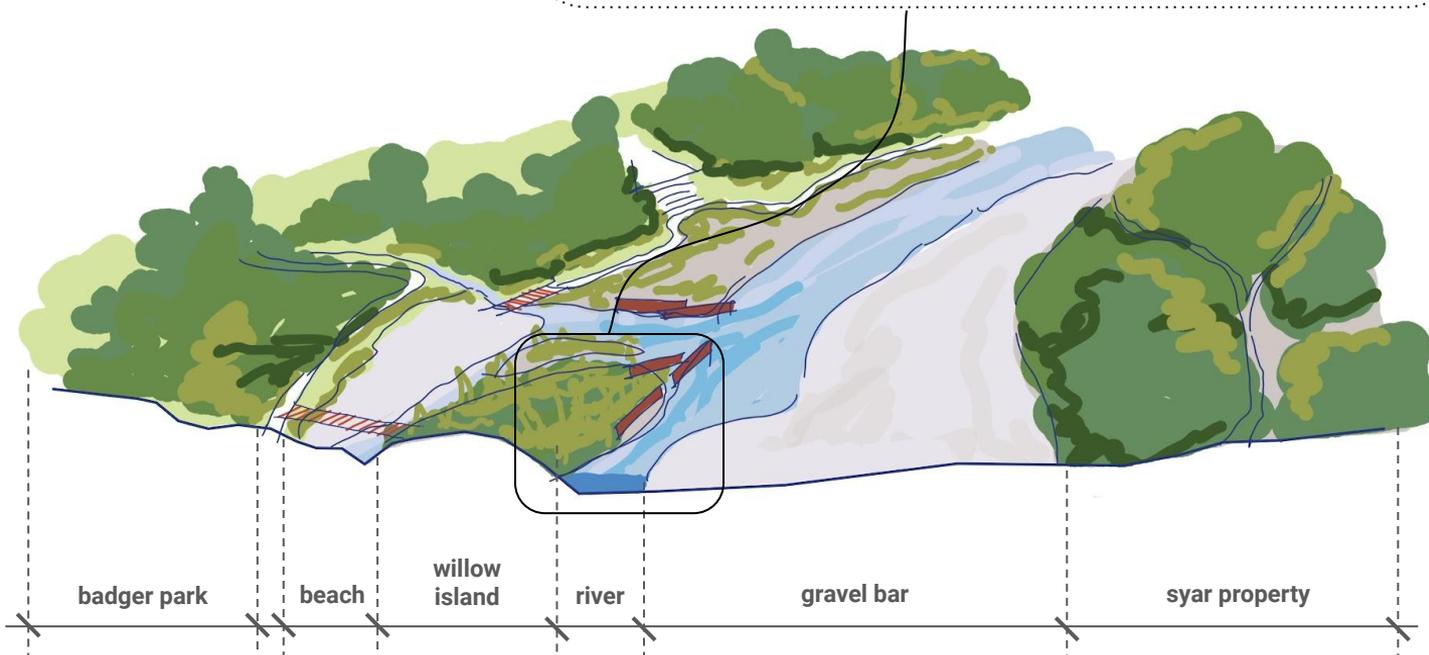

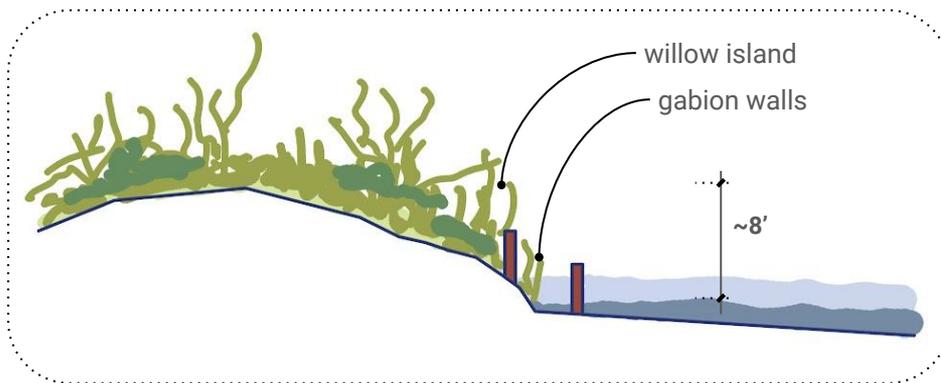

BADGER PARK

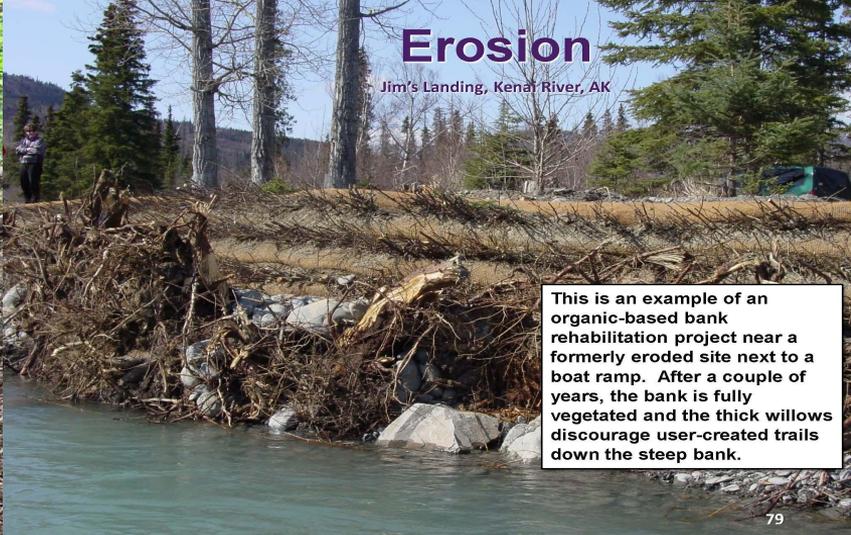

SYAR INDUSTRIES

- ① WILLOW ISLAND
- ② WILLOW BEACH
- ③ RIVERWALK TRAIL
- ④ OVERLOOK
- ⑤ ACCESS STAIRS
- ⑥ CREEK CROSSING
- ⑦ POSSIBLE KAYAK PUT-IN?
- ⑧ POSSIBLE TRAIL CONNECTION TO DOWNTOWN
- ⑨ POSSIBLE FUTURE TRAILS ON PRIVATE PROPERTY (CONCEPT ONLY)

BADGER PARK REACH

PRECEDENTS

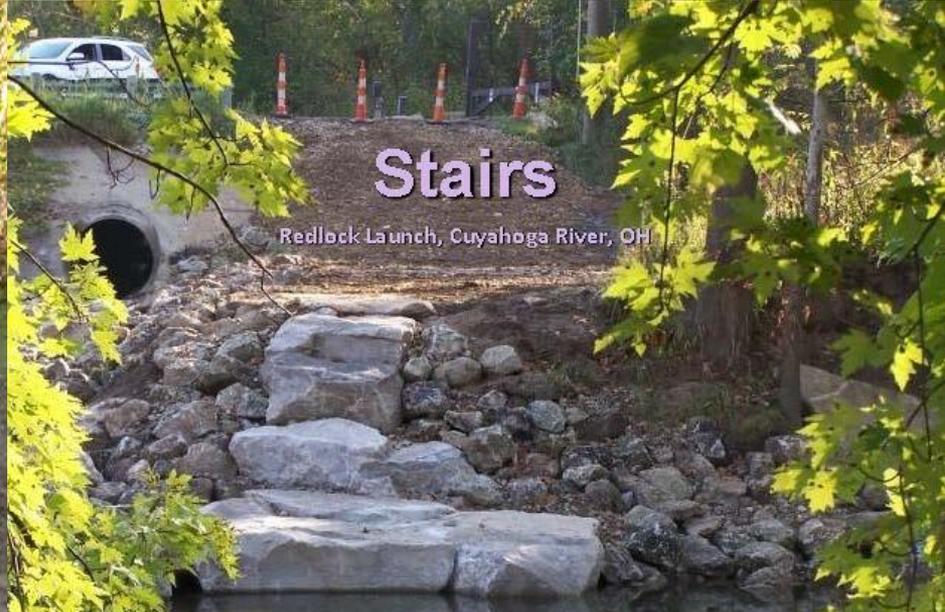

Erosion

Jim's Landing, Kenai River, AK

This is an example of an organic-based bank rehabilitation project near a formerly eroded site next to a boat ramp. After a couple of years, the bank is fully vegetated and the thick willows discourage user-created trails down the steep bank.

SONOMA COUNTY REGIONAL PARKS

RIVER PLANNING PROCESS

- **Badger Park:** Support for kayak put in along park's eastern boundary, as close to the vehicular drop-off area as possible. The commission expressed support for Willow Island beach access as well, for a more passive, picnic style river experience.
- **River Park Memorial Beach:** Excitement and support for these improvements. Commissioners are wanting to hear directly from Sonoma County's staff regarding the proposed plans.
- **Gravel Bar:** Residents of the Birds, Audubon, and Rivers communities expressed interest in talking about use of the gravel bar during the community engagement process
- **Next Steps:**
 - River access improvements within Badger Park (Willow Island and new kayak put-in areas) will be included in upcoming cost estimates
 - Continue to participate in Regional Parks planning processes
 - Convene representatives of the Birds, Audubon, and Rivers communities to discuss gravel bar use
